

PAM/SA/01/06-2

25 June 2009

Dear PAM Member

ARCHITECTS MALAYSIA 2009

We refer to our email sent to all PAM Corporate Members dated 3 June 2009.

We are pleased to inform you that PAM Council at its meeting held on Friday 29 May 2009 has approved the publication of a Directory of members' firms. This Directory is being funded by Pusat Binaan Sdn Bhd.

This Directory will essentially be an update of the Architects Malaysia, which was first published in 2001. It will be a comprehensive compilation of all our current Malaysian architectural practices. It will also serve as a record of the prolific output and capacity of the profession as well as a relevant reference for the building industry.

The Directory will also be useful for PAM to globally market the range of abilities and expertise offered by our Malaysian architects.

Each firm will be allocated 1 page, free-of-charge. However, you can elect to pay for either 1 or 3 additional pages, at RM500 per page.

The format of the Directory is as follows:

240mm x 240mm (square format)
approximately 500 pages, in full colour

We enclose a sample of the submission form, available on PAM website (www.pam.org.my), for you to fill up online and to e-mail back to PAM before **9 July 2009**. Copies of the samples of the layout pages are also available on PAM's website for your reference.

The images of your firm's projects, up to a maximum of five, of 300dpi, in jpeg or tif format, are to be submitted separately as the layout will be done by us. Please make sure that all the images are properly and clearly captioned.

Once the layout is completed, we will send it to you for approval before we go to print.

We now look forward to receiving the submissions from members.

Yours faithfully

on behalf of Architects Malaysia 2009 Publication Committee
