Rupajiwa Studio (www.rupajiwa.com) was founded by Wan Fuad and Airul Azli as a professional photography studio in 2006 and since 2009 has established a reputation as a leading architectural photography studio in Kuala Lumpur, Malaysia. Rupajiwa Studio is dedicated to creating inspiring and striking photographs of contemporary interior and exterior architecture around the world.

With backgrounds in Architecture and Landscape Architecture, they have photographed and documented many architectural projects ranging from the small-scale private bungalows to large-scale projects such as mixed-developments, commercial centres and high-rise towers. Their strong insider understanding of architectural design language provides significant advantages in conveying the design intention of the Architect, ensuring every photo taken delivers the design statement and vision in the project, and that every detail of the design is captured.

Workshop Module

1. Rupajiwa Studio introduction
2. Introduction to architecture photography
3. Basic Technique of Architecture Photography
4. Demonstration of Shooting Architecture Photography
